### **Eco Accreditation for Pioneering Family**

It was with great excitement that O'Reilly's Rainforest Retreat recently received notification from Ecotourism Australia that they had achieved an Advanced Ecotourism Certification.

To achieve this accreditation, O'Reilly's completed the Eco Certification III Programme and addressed a stringent set of assessment criteria including business management and operational planning, customer satisfaction, environmental sustainability, and contribution to conservation.

This certification assures communities and visitors that O'Reilly's Rainforest Retreat is committed to best practice ecological sustainability, natural area management and the provision of quality ecotourism experiences by the business.

The O'Reilly Family are thrilled that the guesthouse, which began on the family farm back in 1926, is now recognized as a quality Australian ecotourism destination and offers visitors from around world the best experience of World Heritage Lamington National Park.
