

Dear Guest,

On behalf of the O'Reilly family I would like to welcome you to Lamington National Park and introduce you to a very important part of the "O'Reilly's" experience, our Discovery Program.

Since O'Reilly's opened its doors for Easter 1926, our guided activities have been a real highlight for our guests. The program is also an integral part of O'Reilly's commitment to sharing knowledge and awareness of World Heritage Lamington National Park and its unique inhabitants. Guests regularly comment on how amazed they are by how much they see and learn when they choose to join one of our interpretive activities. We show you things you would never have found on your own, and elaborate on these findings with fascinating insights into the intricacies of the rainforest ecosystem.

We invite you to join our activities during your stay. Tours and destinations change daily but as sure as the sun rises each morning, there's a full program of interpretive rainforest walks, guided 4WD bus excursions, adventure activities, birding activities and evening tours scheduled every single day of the year.

On the reverse of this page you will find a list of the activities we offer. A selection of these is scheduled each day on the Discovery Program.

Our guides are happy to discuss options with you and help you make the most of your time at O'Reilly's. I really encourage you to get involved – your knowledge, experience and enjoyment will be enriched, and you'll be sure to meet some interesting characters from both the human and animal worlds.

We look forward to meeting you soon,

The Discovery Centre Team
